Francophone National Initiative for the period 2019-2022- Call for Projects

The “Organisation Internationale de la Francophonie (OIF)” has launched calls for the following two projects under the National Francophonie Initiatives:

(i) Initiative Francophone Nationale (IFN) (a detailed note on the call for project is at Annex 1)
(ii) Initiative Francophone d’Établissement (IFE) (a detailed note on the call for project is at Annex 2)

2. The OIF was created in 1970 with the mission to embody active solidarity between its 84 Member States and Governments which together represent over one-third of the United Nations’ Member States and account for over 900 million people, including 274 million who are French speaking. OIF organises political activities and actions of multilateral cooperation that benefit French-speaking populations around the globe. Its actions are in accordance with the cultural and linguistic diversities of Member States and serve to promote the French language, peace and sustainable development.

3. Expressions of interest, written in French, must be forwarded to the Human Resource Development Division of this Ministry (attn. Mr. I. Lallmahomed) at latest by Monday 12 February 2018.

4. I should be grateful if the contents of this Circular Letter could also be brought to the attention of all organisations falling under your purview.
