Subject: Positions in the IMO 2018 Junior Professional Officer programme

1. The Secretary-General of the International Maritime Organization has the honour to announce Junior Professional Officer positions.

2. The IMO Junior Professional Officer (JPO) programme is a voluntary programme under which Member States sponsor the secondment of young professionals from their country to work at IMO, typically for a period of two years. JPOs are engaged at the P.2 level and are assigned substantive work while serving at IMO, in addition to receiving on-the-job training and familiarization.

3. Selection of candidates for a place on the programme is on a competitive basis. It is expected that JPOs will take up their assignment this year.

4. Member States willing to participate in the programme are encouraged to submit a nomination containing a maximum of three applicants per JPO position (see Annex for details of the position) as well as confirming the commitment to cover all related JPO costs. Only applications submitted through the respective Member State will be considered. Direct applications from interested candidates will not be accepted. All applications should be accompanied by an IMO Personal History form (available under "Careers at IMO" on our website www.imo.org). Applications should reach the Organization as soon as possible and, in any case, no later than 31 January 2019.

5. Candidates participating in the programme should note that there is no expectation of conversion to, or engagement in, a permanent position in the Organization after completion of the period of secondment.

6. The programme is independent from, and JPO posts are additional to, the posts financed by the Organization’s regular budget. In submitting candidates for a position in the programme, sponsoring Member States agree to bear all costs related to the temporary secondment of one (or more) of their candidates to IMO. The terms of engagement are agreed through the signing of a Memorandum of Understanding.

7. Salaries, benefits, travel costs, etc., of a JPO may either be paid by the Organization on the basis of reimbursement by the sponsoring Member State in accordance with the standard Memorandum of Understanding, or may be paid directly to the JPO by the sponsoring Member State under the modality of "Gratis Personnel". Under the reimbursement arrangement, a contribution to offset the Organization’s administrative support costs (normally 12% on the sum expended) will be levied.
8 In the case of a nomination of Gratis Personnel by a developing country, the administrative support cost of US$10,000 per annum may be charged to an appropriate technical cooperation regional capacity-building budget.

9 All applications should be sent by email by the sponsoring Member State quoting JPO 18-05 or JPO 18-06 in the subject line, as applicable. All applications should be sent to: jpo@imo.org.
