Ministry of Public Service, Administrative and Institutional Reforms
Circular Letter No. 1 of 2022
E/70/2/03/01 V7 T2

From: Secretary for Public Service

To: Supervising Officers in Charge of Ministries/Departments

Revised Bonding Policy

Government has decided that the present bonding policy be reviewed to provide for flexibility in the system with regard to sureties and mobility of skilled officers across the Public Service.

2. In this context, a new bonding policy has been adopted with a view to rendering the actual system less complex and more efficient whilst safeguarding investment made by Government. The new bonding policy, *inter alia*, provides the basis for the computation of bond amount and serving period.

3. The **salient features** of the new bonding policy are as follows:

(i) Bonding Policy

Officers/Trainees in essential/specialized services and scarcity areas be bonded to serve a specific Ministry/Department while officers sponsored for general nature courses and open advertised scholarships be bonded to serve the public sector;

(ii) Bonded period

The bonded period (training period + serving period) for a trainee starts as from the date of enlistment, and the serving period begins as from the date the results of the examinations are published or their respective date of appointment, as appropriate.

.../2

(iii) Bonding amount

The bonding amount takes into account the course fees, salary and related allowances of the public officer and any other expenditure related to the training;

(iv) Serving period

The serving period ranges from two to five years depending on the bonding amount.

(v) Breach of Bond

The calculation of bonded amount due in case of breach during training period to be reviewed from a yearly pro-rated basis to the actual costs incurred on the training at the time of breach;

(vi) Bonded officers leaving the service

Bonded officers/trainees leaving the service to join the private sector may be given flexibility to refund the amount due within a period of 12 months without interest. For other cases, refund may be within a maximum period of 3 years without interest, instead of 2 years. However, at least 30% of the total bonded amount due should be refunded annually;

(vii) Failure to refund the bond

Failure to refund within a 3-year period or in any case of disagreement, the matter should immediately be referred to the Joint Technical Committee or to a Court of Law. After the 3-year period, interest shall be charged at the prevailing legal rate.

(viii) Double/Multiple Bond Agreement

An officer/trainee, who is required to complete various types of sponsored training/courses due to specificity of the grade is required to enter only one bond agreement where the bonded amount should be aggregated and serving period calculated accordingly. However, where a bonded officer is offered another sponsored training before the termination of his serving period of the previous bond, the officer should enter into a fresh bond whereby the new bonded amount should be an aggregate of the estimated bond value together with the remaining value not yet served under the previous bond/s.

4. With a view to ensuring uniformity in the implementation of the new bonding policy across the public sector, the following documents are also enclosed:

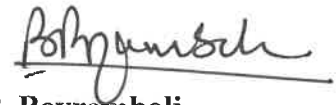

- (i) layout of bond agreement without or with sureties at **Annexes A and B** respectively;
- (ii) particulars of sureties to be filled by each surety at **Annex C**;
- (iii) a standard layout for an "Undertaking" to be signed by a bonded officer who is allowed mobility to take another employment before termination of the bonded period at **Annex D**; and
- (iv) a copy of bond agreement and enforcement guidelines to be handed over to the bonded officer and the sureties at **Annex E**.

.../3

5. The effective date of the new bonding policy is **1st January 2022**. However, any bond agreement entered prior to the date of this Circular Letter would continue to be governed by the previous bond policy.

6. Supervising Officers are kindly requested to ensure strict compliance with the new bonding policy and make necessary arrangement for the contents of this Circular Letter to be brought to the attention of all Parastatal Bodies and Local Authorities falling under the aegis of their respective Ministry/Department.

BOND AGREEMENT AND ENFORCEMENT

(One copy to be handed over to the Bonded Officer and the Sureties)

1. Bond Agreement

- (i) Officers or Trainees who are required to undergo sponsored training courses/programme, **leading to at least a certificate enhancing their qualifications**, should sign a bond agreement with their respective Ministries and Departments. **The bond value should be equivalent to an estimated amount representing the full training cost and other related expenses.**
- (ii) Failure to abide by the bond obligations will lead to enforcement of the clauses of the Bond Agreement which involves a full or partial reimbursement of the bonded amount or otherwise.

Trainees

For the purpose of bonding officers, trainees shall include:

- (i) new recruits enlisted as trainees; or*
- (ii) officers employed in a temporary capacity and who are required to undergo a specific or formal training, upon successful completion of which, would qualify them for appointment in a substantive capacity in their respective grades.*

Trainees, upon enlistment, shall be given a **moratorium period of one month** to allow them make an informed decision before committing into signing a bond agreement. The Agreement should be signed along with **two or more sureties**.

Officers holding a substantive appointment

A bond agreement has to be signed, irrespective of the duration and mode of a sponsored course, where:

- (i) the officer has been selected or nominated with the approval of the appropriate Service Commissions or Ministry/Department to follow a course leading to an examination and the award of a certificate; or
- (ii) The course is in the field of an essential service or a scarcity area; or
- (iii) The training is highly specialized either technical and/or professional in nature and of high value.

In case an officer will be proceeding abroad, the bond should be signed prior to departure of the officer.

2. Bond Serving obligation

(a) Specific Ministry/Department

In case of sponsored training/course being provided in essential services, specialized or scarcity areas and where Ministries/Departments require a trainee/officer to serve the specific Ministry/Department at least during the bonded period, the bond must be so worded as to impose such obligation upon the officer/trainee.

GUIDELINES FOR BONDEES AND SURETIES

(b) Government of Mauritius

Officers/trainees may be bonded to serve the Government of Mauritius where they are sponsored:

- (i) to follow general nature courses in a field relevant across the public sector; or
- (ii) for training courses obtained through open advertised sponsored scholarships.

3. Computation of Bond Amount

The basis for computation of bond amount for different types of courses is as per Table 1 below:

Table 1: Basis of calculating Bonded Amount

Nature of Course	Basis of calculation
Part-time sponsored course run locally	Course fees and any other expenses related to the training
Full-time sponsored course run locally	Course fees, salary/bonus/allowances and any other expenses related to the training
Course run abroad and fully sponsored by Government	Course fees, salary/bonus/allowances, airfare, boarding cost and any other expenses related to the training.
Course run abroad and fully sponsored by donor institutions	
Sponsored Distance/On-line learning courses	Course fees and any other expenses related to the training
Sponsored Blended courses	Bonded amount inclusive of the following, as appropriate: - (i) all course fees and any other expenses related to the training; (ii) salary/bonus/allowances to be factored in for full-time training period; (iii) airfare and boarding cost if training being partly run abroad.

Bonded period

The bonded period (training period + serving period) for a trainee starts as from the date of enlistment. The serving period begins as from the date the results of the examinations are published or their respective date of appointment, as appropriate.

The bonded period for officers holding a substantive appointment starts as from the date of commencement of the course and ends after the appropriate serving period.

4. Determination of Serving Period

The serving period, the maximum of which is 5 years, should be determined based on the bonded amount. The calculation of serving period is detailed at Table 2 below:

GUIDELINES FOR BONDEES AND SURETIES

Table 2: Calculation of serving period

Bonded Amount	Serving period
≤ Rs 300 000	2 years
> Rs 300 000 ≤ Rs 1 M	3 years
> Rs 1 M ≤ Rs 3 M	4 years
> Rs 3 M	5 years

5. Double/Multiple Bond agreement

An officer/trainee, who is required to complete various types of sponsored training/courses due to specificity of the grade, is required to **enter into only one bond agreement** where the **bonded amount should be aggregated and serving period calculated accordingly as per Table 2 above.**

However, where a **bonded officer** is offered another sponsored training/course before the termination of his/her serving period relating to the previous bond, the **officer should enter into a fresh bond** (instead of double bonding) whereby **the new bonded amount should be an aggregate of the estimated new bond value together with the remaining bonded value not yet served under the previous bond/s.** The new bonded amount thus aggregated, should be used as the basis to determine the new serving period as per Table 2 above. The previous bond agreement will thus lapse.

6. Flexibilities to serve remaining bonded period

Where bonded officers/trainees are offered another employment either during training period or serving period, the following flexibilities are allowed:

(a) within the same Ministry:

(i) where the new departmental grade also warrants bonding of the incumbent

The officer/trainee has to sign a new bond agreement related to the new grade and the second bond agreement will supersede the first one.

(ii) where a bond is not required for the new departmental grade

The bonded officer/trainee has to sign an 'undertaking' to serve the remaining bonded period in the Ministry.

In case the officer/trainee moves from one grade to another during the training period, he/she has to serve for a period, to be determined as per Table 2 above, based on the actual cost of training incurred.

However, if such movement occurs during the serving period, an officer has to serve the remaining serving period in the new grade, accordingly.

(b) Within the Civil service or public body

A bonded officer/trainee, who is offered employment in another Ministry/Department or a public body, may be allowed to complete the remaining serving period in the new grade, provided that:

GUIDELINES FOR BONDEES AND SURETIES

- (i) the respective Supervising Officers are satisfied that the duties attached thereto are related to the sponsored training received; or
- (ii) the new grade falls within the field of an essential service or a scarcity area; or
- (iii) the incumbent has acquired on his own a specific or specialized qualification related to the new grade.

The incumbent will, however, have to sign an '**undertaking**' with the Ministry/Department where the officer was initially bonded to serve the new organisation for a time period equivalent to:

- the remaining serving period of the current bond agreement for an officer; or
- a period to be determined as per Table 2 above, based on the actual cost of training incurred on the trainee.

Once the signed Undertaking is forwarded to the new Ministry/Department, the respective Supervising Officer should ensure that a previously bonded officer completes his/her serving period at that Ministry/Department or public body as per the '**undertaking**'.

In case of disagreement to the above flexibilities between the Ministry/Department and the bonded officer, the matter may be referred to the Joint Technical Committee.

In case the officer/trainee breaches the '**undertaking**' referred to above, the initial bond agreement will be enforced and made effective as from the date the '**undertaking**' has been breached.

(c) Open Advertised Sponsored Scholarships

In case of mobility of bonded officer under *Open Advertised Sponsored Scholarships*:

- (i) The officer should be allowed flexibility to serve the bonded period within the public service;
- (ii) In case the officer moves to the private sector in Mauritius, he/she should refund the bonded amount only in terms of salaries and allowances drawn during his study leave on full pay; and
- (iii) where incumbent leaves the service to take up employment abroad, the full bonded amount should be refunded on a pro-rated basis as per formula at paragraph 8 below.

7. Breach of Bond Agreement

A bonded trainee/officer shall be in breach of his/her bond agreement where he/she: -

- (a) abandons the course to take up employment in the private sector;
- (b) is disqualified from the course owing to unsatisfactory performance and irregular attendance;
- (c) takes up employment in the private sector before completion of the serving period;
- (d) takes up employment in another Ministry/Public organization before completion of the training/serving period **not** under the conditions mentioned at Paragraph 6(a) and (b) above; and
- (e) does not, for any other reasons, on completion of the training, serve as per the bond agreement.

GUIDELINES FOR BONDEES AND SURETIES

8. Refund of Bonded Amount

(a) During Training Period

Officers/Trainees who breach their Bond Agreements during their **training period**, should refund the bonded amount equivalent to the actual costs incurred on incumbent at the time of breach, inclusive of the following components, as appropriate:

- (i) costs relating to course fees;
- (ii) air fares;
- (iii) accommodation costs;
- (iv) salary/allowance paid; and
- (v) other related costs.

(b) During Serving Period

Bonded officers who breach their Bond Agreement during their **Serving Period** should refund the bonded amount on a pro-rata basis by using the following formula:

$$\frac{V*(N-X)}{N}$$

where 'V' represents the value of the bond, 'N' the bonded period in days and 'X' the completed period in days.

9. Refund of bonded amount due

(a) Bonded officers/trainees who breach their bond agreement to take up employment in the private sector should refund the bonded amount due as follows:

- (i) in a lump sum; or
- (ii) in case of inability to comply with (i) above, the amount due should be refunded within a period of twelve months as from the date of abandonment of training or vacation of office.

(b) For cases relating to breach of bond other than (a) above, bonded officers/trainees and sureties are allowed to refund the bonded amount due as follows:

- (i) in a lump sum; or
- (ii) in case of inability to comply with (i) above, the amount due may be refunded within a maximum period of three years free of interest. **However, at least 30% of the total bonded amount due should be refunded annually.**
- (iii) Where the bonded amount due is recouped after the three-year period as a matter of court ruling or otherwise, **interest shall be charged at the prevailing legal rate after the three-year period.**

An agreement should be signed between the concerned Ministry/Department and the bonded officer/trainee for both cases at paragraph 9 (a) (ii), 9 (b) (ii) and 9 (b) (iii) above, regarding the mode and refund schedule of the bonded amount due.

The effective date to refund the bonded amount is as from the date the bond agreement is breached.

GUIDELINES FOR BONDEES AND SURETIES

10. Recoupment of bonded amount due from payroll or other entitlements/benefits

- (i) Where the officer/trainee opts to refund the bonded amount due in installments, recoupment may be made by way of salary deduction of incumbents still on government payroll. (An undertaking should be signed between the public body and the officer/trainee on the timeframe and quantum of monthly refund).
- (ii) Where the officer leaves the public service, the bonded amount due may be recovered from the officer's accrued benefits (if any).

11. Guarantees

(a) Officers holding substantive appointment with bond value not exceeding Rs 300,000

No guarantee is required for a bond, the amount of which does not exceed Rs 300,000 in respect of officers holding a substantive appointment and who are sponsored to follow courses run locally (including those run on a distance learning mode).

(b) Trainees/ Officers holding substantive appointment with bond value exceeding Rs 300,000

All trainees irrespective of their bonded amount and officers holding substantive appointment whose bond amount exceeds Rs 300,000 should sign the bond agreement, secured with either of the following:

- (a) two or more sureties, or
- (b) a bank guarantee, or an insurance cover for the bonded amount.

The sureties should produce documentary evidence that they have the capacity to honour the bond in case of default, e.g. Payslip or statement from the bank or an affidavit disclosing their assets and liabilities;

Self-employed individuals may act as surety upon submission of a relevant Business Registration Certificate and hands-on proof of capacity to honour the bond in case of default;

Sureties should notify the public body of any change in address and they should be kept informed by the concerned Ministry/Department of all developments pertaining to a **bond being enforced**.

12. Joint Technical Committee

A Joint Technical Committee, comprising representatives of the Ministry of Public Service, Administrative and Institutional Reforms, the Ministry of Finance, Economic Planning and Development and the Pay Research Bureau shall:

- (a) consider applications received from Ministries/Departments regarding waiving of bonds or transfer of serving period. Waiving of bonds may be considered in exceptional cases as a result of circumstances which are beyond the control of the bonded officer, e.g. illness and where the organization is satisfied that this may be a good reason for waiving of a bond in full or in part. Such cases for waiving of bond will be considered on a case to case basis; and
- (b) look into all reported cases of disagreement, inconsistencies, and interpretation with regards to bond policy

13. Discharge of bond obligation

The bond obligation will be deemed to have been discharged upon:

- (i) completion of the obligatory service period;
- (ii) full redemption of the bonded amount by the bonded officer or surety(ies);
