2. The purpose of the Mega Blood Donation is to mobilise a maximum number of persons to donate blood in order to cater for the demand of blood, especially during the month of December 2018 and January 2019.
3. An information and sensitization campaign is being currently carried out by the National Blood Transfusion Service of the Ministry of Health and Quality of Life along with the Blood Donors Association with a view to attain the goal of the Mega Blood Donation.
