Organisation for the Prohibition of Chemical Weapons (OPCW)
Placements – COMPENDIUM Junior Professional Officers 2022/203

The Secretariat of the Organisation for the Prohibition of Chemical Weapons (OPCW) is inviting the Government of Mauritius to consider the placement of six (6) Junior Professional Officer (JPO) opportunities at the P-2 level within its Technical Secretariat for recruitment during 2022/2023.

2. The JPO Programme aims at equipping outstanding young professionals with the skills and experience required to advance the organisation's goals and objectives. As a pathway into the world of International Public Sector Professional employment, the programme offers young professionals excellent exposure to a multilateral organisation while providing a valuable entry point into international professional environment.

3. The Member States are encouraged to **sponsor** young professionals and include suitably qualified and experienced female applicants. JPOs would be generally appointed as fixed-term staff members at step 1 of grade P-2 and would receive an initial one-year appointment. One possible extension of the appointment of up to one year is envisaged depending on the performance of the JPO and the availability of funding from sponsoring State Party, bringing the total maximum service of a JPO to two years.

4. For any additional information/queries, interested parties are requested to liaise with the Ministry of Foreign Affairs, Regional Integration and International Trade.

5. It would be appreciated if you could kindly indicate as to whether your Ministry proposes to sponsor a JPO for placement at the OPCW. In the affirmative, the nomination should be submitted along with CV of the officer and a letter from your Ministry, stating that you are willing to sponsor the JPO, after seeking all necessary clearances, **at latest by, 21 December 2022.**
